|  | This link is broken. The page could not be found on the target web server. | Broken Link HTTP 404 | 85 pages |
|---|--|--------------------------------------|----------|

Fixing this depends on how the link became broken:

- The link has been mistyped and should be fixed
- The destination page has moved and the link should be updated
- The destination page no longer exists and the link should be removed
- A file has been accidentally deleted and should be replaced

	This link is broken. The target anchor does not exist or is commented out. The anchor after the # symbol points to a non-existent id on the target page. If the anchor link targets the same page nothing will happen when it's clicked. If the anchor link targets another page, then the top of the target page will be displayed instead of the intended location. Fixing this depends on how the link became broken:

- The link has been mistyped and should be fixed
- The destination page has moved and the link should be updated
- The destination page no longer exists and the link should be removed
- A file has been accidentally deleted and should be replaced
